Health plan solutions

How this plan option works

Members can see any participating health care provider they choose for most covered services. The best benefits apply when members see providers in our statewide Blue Cross (Aware®) network. This network includes doctors, specialists, primary care clinics and hospitals. Network providers handle all of the claims paperwork.

Save by using network providers

By using the large Blue Cross network of health care providers, members avoid paying higher out-of-pocket expenses. That's because network providers agree to accept the "allowed amount" stated in their contracts as full payment for covered services. Members are covered throughout the United States with the BlueCard® program, and even beyond with BlueCard Worldwide®.

Unmatched support for your health

- Health Guides and Nurse Guides with one call to customer service
- Dedicated Nurse Support for an extended illness or accident
- Healthy Start® Prenatal Support
- 24-Hour Nurse Advice Line for health concerns anytime
- Fitness Program that encourages members to exercise regularly
- Plus, Online Wellness Center, Health Assessment, Online Coaching Modules, Stop-Smoking Support and Employee Assistance Program

Your out-of-pocket costs depend on the network status of your provider. To check status, call Blue Cross customer service at the number on the back of your member ID card or visit bluecrossmn.com . Lowest out-of-pocket costs: in-network providers Higher out-of-pocket costs: out-of-network participating providers Highest out-of-pocket costs: out-of-network nonparticipating providers (You are responsible for the difference between Blue Cross' allowed amount and the amount billed by nonparticipating providers. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Cross' allowed amount, which is typically lower than the amount billed by the provider. This plan design does not comply with federal mental health parity regulations that are applicable to groups with 51 or more employees.		

* For highest level of coverage, use Select network providers for chiropractic and behavioral health services. For all other services, use the Aware network.
