Health plan solutions

How this plan option works

Members choose a primary care clinic from the Preferred Gold statewide network. Generally, the clinic provides primary care and coordinates most care received from specialists — all without complicated paperwork.

Save by using network providers

By using the large Blue Plus network of health care providers, members avoid paying higher costs. That's because network providers agree to accept the "allowed amount" stated in their contracts as full payment for covered services. Members may see other health care providers for emergency care only.

Unmatched support for your health

- Health Guides and Nurse Guides with one call to customer service
- Dedicated Nurse Support for an extended illness or accident
- Healthy Start[®] Prenatal Support
- 24-Hour Nurse Advice Line for health concerns anytime
- Fitness Program that encourages members to exercise regularly
- Plus, Online Wellness Center, Health Assessment, Online Coaching Modules, Stop-Smoking Support and Employee Assistance Program

Your out-of-pocket costs depend on the network status of your provider. To check status, call Blue Plus customer service at the number on the back of your member ID card or visit bluecrossmn.com.

Lowest out-of-pocket costs: in-network providers

Higher out-of-pocket costs: out-of-network participating providers

Highest out-of-pocket costs: out-of-network **nonparticipating** providers (You are responsible for the difference between Blue Cross' allowed amount and the amount billed by nonparticipating providers. This is in addition to any applicable deductible, copay or coinsurance. Benefit payments are calculated on Blue Cross' allowed amount, which is typically lower than the amount billed by the provider.)

* For highest level of coverage, use Select network providers for chiropractic and behavioral health services.
For all other services, use the Blue Plus network.

This is only an outline of plan benefits. The contract and certificate include complete details of what is and isn't covered. Services not covered include eyeglasses, hearing aids, items primarily used for a non-medical purpose, over-the-counter drugs (except as specified in the Certificate of Coverage), nutritional supplements, services that are cosmetic, experimental, not medically necessary, or covered by workers' compensation or no-fault auto insurance. Preexisting conditions may not be covered for a limited period of time. This limit is reduced by prior continuous coverage and doesn't apply to pregnancy, newborns, adopted children, children under 19 or handicapped dependents. We feature a large network of health care providers. Each provider is an independent contractor and is not our agent. Nonparticipating providers do not have contracts with Blue Cross and Blue Shield of Minnesota and Blue Plus. **Benefits are effective October 1, 2010.**
