# 2010 monthly rates

## Determine your monthly rate (premium)

Your rate is based on your age, number of covered dependents, deductible amount, coinsurance level (80 or 100 percent), whether you are tobacco free, and if you choose optional substance abuse coverage or an expanded network.

### *Follow these simple steps to determine your rate*

- 1** Choose the rate chart that applies to your needs using the rate chart index on the next page. Your rate will be lower if you choose the standard provider network, have been tobacco free for at least 24 months, and exclude substance abuse coverage.
- 2** Choose the level of coinsurance you want – 80 percent (you pay 20 percent) or 100 percent (you pay 0 percent).
- 3** Select your preferred deductible (the amount you pay before your plan pays). The higher your deductible, the lower your premium.
- 4** Find your age group on the left side of the table.
- 5** Locate the box where your age group (row) and deductible (column) intersect. This is your monthly rate.
- 6** Use the worksheet on the next page to calculate family rates.

*Note: Your rate will change when you age into a new category — for example, from age 39 to 40.*

## Make sure your doctors are in the network

Use Blue Cross and Blue Shield of Minnesota's online provider search tool at [bluecrossmn.com](http://bluecrossmn.com) to make sure that your providers are in the standard network (*Accord*). You can also call customer service at **(651) 662-5030** or toll free at **1-800-531-6685**. More than 97 percent of Minnesota doctors and hospitals are in our standard network. If they're not, you'll likely find them in our expanded network (*Aware*®), available for a higher premium.

You get the best benefit for your dollar when you use network providers. And you have "in-network" options virtually anywhere you travel in the United States, thanks to the BlueCard® program and internationally through BlueCard Worldwide®. Plus, you never need a referral.

## How can you lower your monthly rate?

- If you are tobacco free, you will save about 30 percent.
- By selecting the standard provider network (*Accord*), you will save about 7 percent.
- By choosing not to have substance abuse coverage, you will save about 3 percent.

These amounts will be reflected in the rates you select.

## Automatic payment saves time, postage and checks

You have a convenient, worry-free, automatic way to pay your Options Blue monthly rates. With automatic withdrawal, Blue Cross and Blue Shield of Minnesota will deduct the payment from your bank account, so there are no checks to write or bills to mail. Look for information about automatic withdrawal in the Options Blue packet.

### *A note about checks*

When you pay by check, you allow Blue Cross to use information from your check to make a one-time electronic funds transfer (EFT) from your account or to process a check transaction. When we make an EFT, funds may be withdrawn from your account as soon as the same day we receive your check, and your check will not be returned to you by your financial institution.

## Options Blue monthly rate worksheet

### Example:

James and Emma Smith are a nonsmoking couple with one child. James is age 36 and Emma is 34. They have selected 80 percent coverage with a \$4,000 family deductible. The Smiths have chosen not to add substance abuse coverage or the expanded provider network.

Using the rate chart on page 6 (tobacco free family without substance abuse coverage), the Smiths arrive at their total family monthly rate by adding up the monthly rates for their family members.

James' monthly rate	\$ 160.50
Emma's monthly rate	\$ 154.50
Child's monthly rate	\$ 124.50
<b>Family's total monthly rate</b>	<b>\$ 439.50</b>

### Determine your monthly rate

Enter your monthly rate	+ \$
Enter your spouse's monthly rate	+ \$
Enter your children's monthly rate <i>Note: the chart lists one amount for two, three or more children</i>	+ \$
<b>Family's total monthly rate</b> <i>Add the rates for you, your spouse and dependents together.</i>	<b>= \$</b>

## Rate chart index
